Dear James,

Spring is in full swing, and the warmer weather brings us renewed opportunities to get our message out into the community. Having wrapped up the recent legislative session, our politicians seemingly have nothing better to do than create restrictive and overtly religious policies. For those who've been following, the Ten Commandments are now required to be displayed in all Arkansas public school classrooms thanks to SB433, which is now [Act 573](#). HB1705, which requires "*information concerning how the Religious and Moral Beliefs of the Founding Fathers influenced the Founding of the United States to be embedded into existing social studies standards*", is now law as [Act 478](#). And finally, SB223, which is designed to "*create the Religious Rights at Public Schools Act of 2025*", became law as [Act 400](#). So much for the average secular Arkansan! 🗣️

Despite the political landscape skewing Christian Nationalist, evidence is showing Arkansans are getting tired of these policies. Let's not forget Arkansans overwhelmingly rejected [Arkansas Issue 3](#) in the 2020 Election, which was a constitutional amendment to change requirements for citizen initiatives and legislative referrals. And again, in the 2022 general election, Arkansans decidedly shot down [Arkansas Issue 2](#), which would have required a 60% supermajority vote of approval from voters to adopt constitutional amendments (legislatively referred and citizen-initiated) and citizen-initiated state statutes. But even though Arkansans soundly rejected these policies, politicians have simply ignored their constituents, and created legislation that effectively kills the citizen led ballot initiative process.

In times of adversity, **We the People** have a choice: cower to politicians who create archaic laws, or meet the moment and push back. As a 7-time Super Bowl Champion, Tom Brady always seemed to rise to the occasion and was never scared of his opposition. One of his famous mantras is one that can be universally embraced, so in the spirit of TB12 and as we push back against these Christian Nationalist policies....**LFG!!!!**

As the Ozarks Chapter of FFRF ramps up for the outdoor season, we kicked off the spring by celebrating Atheist Day on March 23rd by enjoying the outdoors and picking flowers at the nearby Wildwood Tulip Farm in Springdale, AR. Thank you to the families who came from near and far to participate in this fun activity. This was a wonderful way to come together and celebrate the beginning of spring!
